CDC News (30 May 2001)

In the 6th CDC Meeting held on 30 May 2001, members discussed and commented thoroughly on the contents of the draft report of "Learning to Learn - the Way Forward in Curriculum Development". The CDC Secretariat would make necessary amendments and the latest version of the report would be circulated among CDC members for endorsement before it was finalized.

For details of the Report, please refer to "[Learning to Learn - the Way Forward in Curriculum Development](#)".
