

## **CDC-HKEAA Committee on Biology (2019-2021)**

### **The gist of the 5<sup>th</sup> Meeting**

**(A Joint Meeting with the Subject Committee on Biology)**

**Date of meeting: 8 Mar 2021**

1. The results of consultation on optimising curriculum and assessment of senior secondary subjects in relation to Combined Science was briefed. Way forward about the subject implementation was discussed.
2. The cancellation of the SBA for the 2022 HKDSE examination was reported. The updated SBA requirements for the 2023 HKDSE examination and the related support measures were reported and discussed.
3. The progress of the development of various learning and teaching resources by the EDB was briefed. The arrangement of some planned professional development programmes for the 2020/21 school year and the participants' feedback on some of the programmes held were reported and discussed. Members' views about the support measures for further enhancing the learning, teaching and assessment of Biology in the 2021/22 school year were sought.
4. The meeting was adjourned at 6:00 pm.
