

CDC-HKEAA Committee on Chemistry (2015-2017)
Gist of the 1st Meeting

Date of meeting: 15-12-2015

Salient points of the discussion:

1. The terms of reference, roles and functions, and terms of office of the CDC-HKEAA Committee on Chemistry (2015-2017) were explained to members.
2. The progress of consultation on STEM education and feedback collection for Science Education KLA Curriculum Guide, and the details of the STEM event to be held in January 2016 were reported.
3. The results of the interim survey on the implementation of the updated Chemistry and Combined Science (Chemistry Part) were reported and discussed. Suggestions and views regarding the implementation of the curricula would be continuously collected through focus group meetings and other means.
4. The direction of the professional development programmes and resource development for supporting the implementation of Chemistry and Combined Science (Chemistry Part) curricula were discussed. The use of information technology in Chemistry learning, teaching and assessment would be one of the focuses in conducting PDPs for supporting the implementation of Chemistry and Combined Science (Chemistry Part) curricula.
