

**The CDC-HKEAA Committee on
Health Management and Social Care (2017-2019)**

First Meeting

Gist of the Meeting

Date of meeting: 28 September 2017

Key issues raised/discussed

- Members noted and discussed on the support measures of Health Management and Social Care (HMSC) including ETV Programme, updating HMSC glossary, HMSC Expo 2018 and a booklet to introduce the concepts and themes of HMSC
- Members agreed that the list of topics suggested could be better learnt and taught through students' performance and their reflection in Field Learning Task. Teachers could consider subsuming the teaching of those topics in SBA as the topics in HMSC curriculum were all inter-related.
