

**The CDC-HKEAA Committee on
Information and Communication Technology (2015-2017)**
Gist of the 2nd Meeting

Date of meeting: 24 June 2016 (Friday)

Key issues raised/discussed

1. Members agreed that short questions and long questions in HKDSE ICT examination papers could be considered as diversified question types in the examination papers to assess larger range of candidates' ability.
2. Members agreed to form a Working Group to review the Glossary of Terms Commonly Used in Teaching of Computer Subjects.
